Hi there ~~dear~~ reader, and thanks for enjoying yet another quality release by Village Idiot Scans. I don't expect you to read this if it's yet another great fan work by "any other scanning group," so please, read it.

As you may already know, we continue to suffer from the lack of members required in order for us to continue releasing these chapters. We are in ~~desperately~~ need for translators the most, but we are also in dire need of scanners and typesetters as well.

As it is already ~~one~~ of our longest members have returned to VI Scans, and we are totally in debt to her. She is incredible and down-right just ~~about~~ do everything she's been asked to do. She's also extremely picky about the projects she chooses to do. She already has like three or four projects she does for us, and we don't want to force her to do any more than she wants to do.

In the next few weeks, we will be continuing projects that we ~~have~~ lost long in the history of all time, as well as some new ones for people to drool over reading. If you haven't noticed already, Trinity Seven is one of the projects we just picked up, out of the many others we have.

With that all being said, if you have any sympathy for our dying group, PLEASE join VI Scans at fjiscans.of.bachhighway.net, or apply through e-mail at kane-lusho.com/viscans.
